Subject: Request for expediting the stalled construction work of the Delhi-Mumbai 8-Lane Expressway within the Gujarat boundary.

Respected Sir(s),

The Government of India's ambitious **Delhi-Mumbai 8-Lane Expressway Project** has been constructed almost up to Thandla beyond the Madhya Pradesh border, and after a short gap it has also progressed further up to Dahod (Gujarat border). However, the stretch from the beginning of the

Dahod border up to Godhra appears to have remained stalled for several years due to certain unknown reasons.

If the concerned authorities kindly pay attention towards resolving the obstacles affecting the construction of this stretch on priority, the expressway could soon provide smooth transportation facilities over a much longer distance. This would greatly benefit the public by enabling the improved connectivity and convenience that this important project was originally intended to provide.

Despite the expenditure of thousands of crores of rupees on this vital national project, the work remaining incomplete is a matter of concern. Therefore, it is humbly requested that a special team be constituted to review the pending works, identify the reasons for the delay, and take prompt decisions so that the construction work can be resumed and the expressway can be made operational at the earliest.

Once completed, this route will also facilitate smooth connectivity from the Kota region towards Mumbai via Gujarat.

It is hoped that the Government will kindly take prompt action on this matter.

Yours sincerely,

(Anil Jhalani)
